

REPORT OCCUPATION OF GHENT BY GERMAN FORCES

SEEMS TO CONFIRM PLAN OF MOVEMENT TOWARD OSTEND

FIGHTING IN FRANCE CONTINUES WITH INDEFINITE RESULTS

German Submarine Sinks Russian Cruiser with All Her Crew—Recruiting in England Is Again Being Actively Pushed—Berlin Reports Situation in France Satisfactory—German and Austrian Armies Make Impressive Progress in Russian Campaign.

The occupation of Antwerp by the Germans has been followed, according to the latest reports, by the occupation of Ghent which would seem to confirm the German plan, as it already has been outlined, of a movement towards the coast, with Ostend as its objective.

It is pointed out by British military experts that it is Germany's intention to make a permanent stronghold of Antwerp, in order to hold Belgium in her grip and in this way gain a position within easy reach of the English coast.

The fighting along the great line extending almost from the North Sea to the German province of Lorraine continues with indefinite results, for the actual operations in the northern section of France are not being divulged to any extent by the official statements issued by the French war department. Where the British reinforcements have been sent is a matter of conjecture but it is believed a considerable force is already in the neighborhood of Ostend.

German submarines have again come into prominence by the sinking of the Russian armored cruiser Pallada in the Baltic Sea. The Pallada, with the Admiral Makarov and the Bayan, have been engaged in patrolling the Baltic. The German submarines made an attempt against the Admiral Makarov on October 10, but with no success, but on the following day one of them succeeded in torpedoing the Pallada according to Russian official report which sank with all her crew.

Recruiting in England is again being actively pushed, for the need of men is recognized and the requirements for service in the infantry have been lowered to insure a large supply of recruits. Similarly Great Britain is taking precautions against raids over English towns by German airplanes, this action probably resulting from the recent attacks on Paris by aeroplanes.

Just what measures the British government has devised to repulse such attacks have not been divulged but it is understood that the aviation corps is ready to take the air at the first sign of German aircrafts.

Berlin officially reports that the situation in France is satisfactory so far as her arms are concerned and other official reports indicate that the German and Austrian armies have made no impressive progress in the Russian campaign. Russia is reported to have abandoned the siege of Przemyśl, the important Austrian fortress in Galicia, and is lining up to meet the combined attack of the Austro-German army.

Marquis San Di Giulapio, the Italian minister for foreign affairs is reported to be dying. Should his death occur it is possible it may have an important effect on the attitude of Italy.

Germans Occupy Ghent.

London, Oct. 12.—2:40 a. m.—The Belgian town of Ghent is now occupied by the Germans, according to an Amsterdam dispatch to the Reuter Telegram Co. Units have arrived at Ziezelate a short distance from Ghent and the commander announced that 6,000 soldiers must be quartered on the village.

Paris Reports Show No Change.

London, Oct. 12.—The finger of the censor having twisted the tourniquet of all sources of news from Belgium, just now perhaps the most potentially important scene of the fighting in the great war, the British people were forced to content themselves today with the official communications from Paris and even a close analysis of this showed no marked change in the situation favoring either side.

From the last came tidings of a decided reversal in form, the despatches both from Vienna and Petrograd indicating that the Austrian army at Przemyśl, so often surrounded, hopelessly outclassed and on the verge of surrender, had turned

ed on the Russians with the aid of reinforcements and forced them to retreat.

The first news of the claim emanated during the morning from the Austrian capital. It was followed later in the day by what purports to be a Petrograd admission that the Russians had abandoned the siege of Przemyśl for strategic reasons, with the object of drawing up a new line against the Austro-German army in other points in Galicia.

Seems to Presage Important News. Whatever may be the truth of the situation, the Russians have been claiming an unbroken series of victories in their sweep through Galicia and the coincidence of today's despatches, supplemented as they were by mere circumstantial accounts from Vienna of a vigorous Austro-German offensive, seemed to presage important news.

The British and Belgian troops who retired from Antwerp before the German occupation, with the exception of those who are now interned on Dutch soil as a result of having crossed the border, have been swallowed as completely as if they had been buried under the ruins of the city.

Optimistic, as always, the British press, besides contending that Antwerp is of no importance as a naval base, finds solace in the argument that the release of all troops from there more than counterbalances the troops which Germany will send from that point into France. Colonel Frederick N. Maude, a retired army officer and author of several standard military books, in writing in today's Evening Standard, says:

"This morning finds the Belgians with five-sixths of the British contingent perfectly ready to renew the fight with their supplies and reinforcements from over sea amply safeguarded. After deducting the necessary garrison for Antwerp, losses and so forth, it is exceedingly probable that the Germans have more than 60,000 men left to follow them—this gives us a clear gain of 40,000 to our left wing, without counting the reinforcements which we shall pick up on the way."

The official communication from Paris indicated that this left wing is stretching daily and nightly further west and north and will soon reach the coast, if the opposing sides continue throwing out cavalry in an endeavor to outflank or break through.

Make No Claim to Victory. The allies make no claim to victory in the afternoon statement, which opens with the remark that these cavalry operations continue as far north and west as Hazebrouck, a point hardly more than a good day's walk from Calais.

When the allies claimed yesterday that they had driven the Germans from Aire, London learned for the first time that the Germans had made substantial progress west from Arras, which they reached last week. Presumably the allies still hold the ground they claim to have regained, but the Germans are throwing more men westward and are putting up a hard fight. The communication does not make plain which side holds the town nearest the coast.

Nowhere along the battle line do the allies say they have made any progress except in the center, on the right bank of the Aisne below Soissons. At two other points, notably between Arras and the Oise and on the right in Vosges, it is stated, the German attacks have been repulsed.

A paragraph near the end of the official communication, saying it is understood that the Germans are occupying only the suburbs of Antwerp, while the twenty-four forts along the Scheldt (Escaut) still are holding out, has been received in London with considerable surprise and skepticism in view of the announcement of the British war officials that the city was occupied by the Germans and the unanimous accounts from correspondents to the

WAR BULLETINS

THE HAGUE, via London, Oct. 13.—6:15 a. m.—The American hospital ship Red Cross which arrived at Rotterdam last Tuesday sailed at 3 o'clock yesterday afternoon for New York with 350 passengers aboard. Those sailing on the Red Cross were refugees who had been unable to get away on the regular liners.

VENICE, via Paris, Oct. 13.—2:40 a. m.—Several battalions of troops have left Pola, the great naval port and arsenal of Austria, for Galicia in the past few days to fill gaps in the Austrian forces. Pola is now one huge barracks. Most of the civilians and women and children have left the town.

LONDON, Oct. 13.—4:30 a. m.—The forty-four lists of losses in the Prussian army, which have been published show a total 211,000 killed, wounded and missing, according to a Reuter despatch from Amsterdam.

The lists do not include losses among the Bavarians, Saxons and Wurttembergians.

22,000 SOLDIERS IN HOLLAND.

London, Oct. 13.—3:40 a. m.—Altogether 22,000 British and Belgian soldiers are interned at different points in Holland. About 1,500 of these men are British. This statement has been made by the Dutch war office, according to a despatch from the Rotterdam correspondent of the Times.

PROVISIONALLY PASS ECONOMY BILL

Havana, Oct. 13.—The House of Representatives yesterday provisionally passed the so-called national economy defense bill. The bill contains various provisions for the relief of the present financial distress arising largely from the European war, including a graduated tax on sugar production and a loan of \$5,000,000. The house later will consider and pass or reject individual provisions in the bill.

same effect, together with the Berlin statement that the invaders took virtually complete possession of the city.

London Prepares for Hostile Aviation. Probably stirred by the bombing of Paris, London seems to be prepared for such visitors and official notice has been served on persons living near the mouth of the Thames that they should be ready to seek their cellars at the first sound of firing, as there will be no time to spread the news in any formal way.

Recruiting throughout Great Britain, particularly in London, has been booming, it is stated, since the fall of Antwerp. The talk of the Germans advancing from there to Ostend having seemingly brought the war closer home in the minds of the people.

The whereabouts of the elgian Queen is still a matter of conjecture and the same vagueness surrounds the King's reported wounds.

Sink Russian Cruiser. Petrograd, Oct. 12.—An official communication issued today announces that on October 10, the Russian armored cruiser Pallada was torpedoed in the Baltic Sea by a German submarine and sank with all her crew.

The text of the communication which was made public by the marine department follows:

"On October 10, German submarines were sighted in the Baltic Sea. The same day, early in the morning submarines attacked the cruiser Admiral Makarov, which had stopped to search a suspected bark flying the commercial flag of The Netherlands.

MASKED MOB TAKES PRISONER FROM SHERIFF

MEN SHOOT AND KILL MINER AND WARM OFFICER AWAY

Italian Was One of Two Brothers Who Engaged in Revolver Battle With Two American Miners—Sheriff Attempted to Smuggle Prisoner Away.

PERCY, Ill., Oct. 12.—An armed body of masked men stopped Sheriff Bresner of Willisville on the road tonight, took Albert Ciaza, his prisoner away from him shot and killed Ciaza and warned Bresner away. Ciaza was an Italian miner, one of two brothers, who engaged in a revolver battle with two American miners, Ellis Adams and Ben Cooper. The battle occurred last night and began over a request for a cigarette. When it ended, Sam Ciaza was dead and both the American miners badly wounded. The trouble between the two brothers had been of long standing.

Sheriff Bresner was on his way to the county jail at Pinckneyville tonight with Ciaza, who was under arrest for his share of the shooting. There had been talk all day of violence and the sheriff, fearing a lynching, smuggled his prisoner out of jail and started to Pinckneyville on a little used road. The move was anticipated however and the mob was waiting for him.

When the masked men sprang from the roadside three held the sheriff while the others marched the Italian ten paces down the roadside and shot him down. There were fifteen wounds in his body.

The masked men then warned the sheriff not to follow and vanished into the woods. The trouble had its inception in ill-feeling that has existed for some time between the foreign and American miners employed by the Willis Coal Mining company.

EXPECT FEDERAL TROOPS WILL LEAVE COLORADO NEXT MONTH

Governor Ammons Believes Labor Troubles Will Be Virtually Ended By the Time the Soldiers Leave.

Wichita, Kas., Oct. 12.—"I expect the federal troops will leave Colorado by the middle of November and if the strike is not settled by that time the state will be prepared to take charge of the situation. "The militia probably will not be increased above its normal numbers." Governor Ammons, of Colorado, who is here attending the International Dry Farming congress, thus summarized the mine strike situation in his state tonight. That the labor troubles virtually will be settled by the time the federal troops leave is the opinion of the governor. The state is taking every necessary precaution to meet the problem of policing the mine districts, the governor said, and he has assured the president that, in his opinion, the state is amply able to maintain order.

CAVALRY PATROLS MEXICAN BORDER

Two Regiments Line Up on International Boundary to Protect Naco, Ariz.

FOLLOWS SECOND APPEAL

Yaqui Indians Make Second Attack on Agua Prieta, Sonora, and Its Carranza Garrison

ZAPATA AGREES TO ARMISTICE

NACO, Arizona, Oct. 12.—The Ninth and Tenth U. S. Cavalry and Col. C. A. P. Hatfield were lined up along the international boundary today to prevent the Villa and Carranza factions from again bringing their warfare onto American soil.

This follows the second appeal to President Wilson for protection of the town against stray bullets and shells, which for ten days have fallen here instead of in the Mexican camps. Sheriff Harry Wheeler asked Governor Hunt today to request withdrawal of the federal troops. He offered to gather five hundred cowboys who would "protect the town without discussing technicalities."

Indians Attack Agua Prieta.

Douglas, Ariz., Oct. 12.—A second attack on Agua Prieta, Sonora, and its Carranza garrison was made tonight by Yaqui Indians, who were repulsed last night, and two columns of Maytorena forces from Naco. The entrenched garrison successfully resisted the assaults.

Preparing for the siege, the garrison was increased from 100 to 350 Saturday night. Further reinforcements arrived today. More are expected. The Nacoziari railroad has been cut by the defenders to prevent the rapid collection of scattered scouting parties of the Villa forces.

Agrees to Cease Fighting.

Mexico City, Oct. 12.—An attack made on the night of October 10 on San Angel, Xochimilco and other suburbs of Mexico City by adherents of Emiliano Zapata, caused a reign of terror in the capital until today. The suspense was relieved when it was officially announced today that Zapata's followers had agreed to cease all fighting until the termination of the peace conference between the northern and southern constitutional generals at Aguas Calientes. The troubles in the suburbs were satisfactorily adjusted.

Delegates representing Zapata presented a land reform scheme at the Aguas Calientes conference today and the matter was debated at length.

It is reported that a plan calling for a commission form of government will be introduced and voted upon in the near future. This plan which would do away with the vexing question of the provisional presidency, calls for a commission of seven members, representing all factions.

Carranza Bureau Issues Bulletin.

El Paso, Tex., Oct. 12.—A telegram was received today from the Carranza press bureau at Mexico City, which was considered significant in view of the pending conference with the Villa faction at Aguas Calientes. The bulletin said:

"Villa has published a manifesto inviting the people and the army to unite with him in order to overthrow the person in charge of the executive power, making a proposition to place Mr. Fernando Iglesias Calderon in charge of the presidency. But Calderon previously has declared that he would not accept such a proposition as he knows that the division of the north does not represent a group of armed people and that their designation would now be equivalent to a coup d'etat and predatorialism."

General Obregon, one of the delegates at Aguas Calientes, has sent a telegram to Col. Francisco Elias Calles, a constitutional leader in Sonora, in which Obregon commented on the disturbed conditions in his native state as follows:

"It is with deep pain that I learn that our dear brothers are destroying one another. I have tried to avoid this disaster for the benefit of our fatherland both by exposing my life to danger and with absolute self sacrifice. All my efforts have been totally fruitless as there are many in the division of the north who are very bitter and in some there is an absolute lack of patriotism."

Hopeful Reports Reach Capital. Washington, Oct. 12.—Hopeful reports reached Washington today of the progress of the first days work of the military convention being held at Aguas Calientes to determine the personnel of the future government of Mexico. Not only are Generals Carranza and Villa represented, but General Zapata has sent three delegates whose credentials have been accepted.

The official report of the meeting transmitted to the American government said the convention formally met and organized last Saturday, adjourning until today.

ORDERS MILITIA TO PREPARE FOR SERVICE

RACE ANTAGONISM AT CAIRO PROMPTS GOV. TO TAKE ACTION

Co. K, Is Told to Be Ready to Aid Sheriff in Suppressing Possible Riots—Results From Murder of White Man By Negro.

SPRINGFIELD, Ill., Oct. 12.—Upon the receipt of a report tonight from Sheriff Frazier of Alexander county, Governor Dunne wired Captain Roy Lutes of Company K., I. N. G., to have his company ready to assist the sheriff in suppressing possible riots growing out of the killing at Cairo of a white man by a negro.

The message sent by the governor follows:

"Captain Roy Lutes, care Sheriff Frazier, Cairo, Ill.
"Should Sheriff Frazier call upon you tonight or tomorrow for assistance against rioters, mobilize your company immediately and report to him for orders.
(SIGNED) "E. F. Dunne, Governor."

Race Antagonism Follows Murder.

Cairo, Ill., Oct. 12.—The race antagonism, resulting in Governor Dunne's order to the local militia company tonight to suppress possible riots, followed the murder of Eli Johnson, a river man, by one or two negroes who had attempted to rob him last Saturday night.

It was understood about the river front on the night of the murder that Johnson carried a large amount of money with him. When ordered to hold up his hands by the negroes, the river man resisted and was shot.

Two negroes have been arrested in connection with the murder, but they deny implication in the shooting. A third negro, whom the prisoners charge with the murder, still is at large. Tonight the mayor ordered all saloons within a radius of four blocks of the jail closed.

ASSISTANT SECRETARY OF WAR BRECKINRIDGE RESUMES DUTIES

Is Preparing an Official Report on Relief Expedition Which Will Be Transmitted to Congress.

Washington, Oct. 1.—Henry S. Breckinridge, assistant secretary of war, returned to his duties at the war department today, having completed his task as head of the relief expedition, which visited the war-torn European countries to care for distressed Americans. He is engaged in preparing an official report which probably will be transmitted to congress to inform that body of the disposition made of the relief fund.

Several of the military officers attached to the expedition had opportunity to watch European mobilizations, conducted on a scale greater than the world has ever before known. The information thus acquired is regarded as strictly confidential but is expected to be of great value to the general staff in the perfection of plans for the speedy creation of a defensive army in the United States if ever required.

SEVEN THOUSAND BELGIAN REFUGEES REACH FOLKESTONE

Attention of English is Attracted to the Apparent Wealth of Many of the Refugees—Larger Number is Expected.

London, Oct. 12.—Seven thousand and refugees from the war zone, most of them Belgians, arrived at Folkestone today on board four steamers. Among them were 25 wounded Belgian soldiers, but what attracted the most attention was the apparent wealth of many of the refugees.

Hundreds were well dressed and plentifully supplied with money, indicating that they had carefully made their plans of departure. Londoners, heretofore accustomed to care for the penniless, are now seeing the hotels crowded with well-to-do people who seem amply able to take care of themselves.

A still larger number of Belgians are expected to reach Folkestone tomorrow. All the hotels and boarding houses are overcrowded. Local committees are caring for the poorer families in the churches and schoolhouses and are sending them to London by special trains, as fast as possible for distribution among the homes throughout England.

STATE SECRETARY WOODS SUICIDES

Widow Discovers Body in Garage in Rear of Residence in Springfield

DUNNE IN STATEMENT

Governor Orders Audit of Books as a Precaution—Dunlap Is Ready to Turn Over Funds

SEVERAL APPLY FOR OFFICE

SPRINGFIELD, Ill., Oct. 12.—Secretary of State Harry Woods, one of the democratic senatorial candidates at the September primary and former operator on the Chicago Board of Trade, killed himself early this morning. His lifeless body, with a gaping wound in the center of the forehead and an automatic 32-calibre pistol clutched in his right hand, was discovered at 7:15 o'clock this morning, lying in the toolroom in a garage at the rear of his residence, 648 South Walnut street, this city.

The body was found by Mrs. Woods, who had become alarmed at his absence from home since 6 o'clock Sunday morning.

James O. Monroe, private secretary to Mr. Woods, also other employees of the office, expressed their belief that there is no foundation for the report that Secretary Woods was involved financially.

"Mr. Woods had always been a trader," said Mr. Monroe "and one of the most successful ones on the board. However, he had not been operating to any extent since taking the office of secretary of state and I am positive that this had nothing to do with his suicide. The last deal he made, that I know of, was some six months ago, when he bought corn. This lost him a half cent or so a bushel, but the loss was trivial."

Orders Audit as a Precaution. Tonight Governor Dunne made the following statement regarding the rumors of a shortage:

"This morning upon being apprised of the death of the late secretary of state, Mr. Harry Woods, and after conference with the Assistant attorney general, I ordered his office closed, this being a legal holiday, and requested the state auditor, as a precaution, and in the interests of Mr. Woods's surties, and in the interests of the surties of the incoming secretary of state, to make an examination of the books of the office.

"I had no reason, and have no reason, to believe that there is any shortage in the office or any irregularities. Four assistant auditors have been working since ten o'clock this morning, and have so far found his books and accounts regular.

"Since his last quarterly settlement with the state treasurer, the office has collected about \$127,000, which I have reason to believe is on deposit in safe banks. Until otherwise informed, I am of the opinion there is no shortage in the cash of the office.

"I give this statement in view of the certain alarming rumors that have reached me from Chicago of a large shortage of his accounts.

"I will appoint a successor to Mr. Woods within a short time. (Signed) E. F. Dunne, Governor."

Can Advance No Motive. Mrs. Woods could advance no motive for the tragic death of her husband and no letter or note was left to tell why the deed was committed. (In the clothing of Mr. Woods was found a package containing several insurance policies, a statement supposedly written for the newspaper, on the good showing made by the office for the quarter just closed and \$4,000 in stocks and bonds. Six hundred and eighty dollars in currency was found in dead man's pockets.

While the fees for the quarter ending June 30 totaled over \$373,000, Auditor Brady tonight said that the aggregate amount for the three months ending September 30 will be \$130,000. A force of accountants, under the direction of the state auditor, started at work on the books and records of the office this afternoon and so far no evidence of a shortage has been found. It will be a week before the audit is completed.

Dunlap Ready to Surrender Funds. Tonight Auditor Brady talked over the telephone with M. F. Dunlap of Jacksonville, a member of the banking firm of Dunlap, Russell and Company, with whom Mr. Woods kept his office account. Mr. Dunlap was in Chicago at the time and stated he would be in Springfield tomorrow ready to turn over

Suspending Judgment.

The sudden ending of Harry Woods' somewhat spectacular career as secretary of state has naturally started the rumors that a shortage in his accounts caused him to take his own life. The fact that a quarterly report was past due adds some color to the story but there should be no hasty judgment in the case for the erratic career of Mr. Woods might easily suggest some other reason for his final act other than financial trouble.

He was a man of great energy and had brought some reforms into his office although for the most part his methods were arrayed against progress rather than for it. Auditors are at work on the books of the late secretary and the indications thus far are that everything is straight and it will be only a short time until the whole work has been completed.

Tuition Law is Valid.

Judge Jones' decision in upholding the high school tuition law will be read with interest not only in Morgan county but in many other counties of the state where the validity of the law has been questioned. The finding is in accord with the wishes of the majority of the people for the average citizen believes that every child in the country precincts should have the advantages of high school training. The court's opinion is clearly and concisely stated and in such language that a layman may follow it. The tuition law no doubt has some defects in it and may work a hardship on some school districts. The general purpose and intent however is good and it will be possible to make desirable amendments when the legislature meets again.

Interest in Election.

Just three weeks from today an election will be held in this county and throughout the state. Interest is greater this year than often happens when the question of presidents is not involved, probably owing to the fact that the candidates for the senate are making such an active fight. There is added local interest too because Jacksonville has a candidate for state office, Andrew Russell, who is seeking election as state treasurer. Mr. Russell has a strong following in every one of the 102 counties of the state and there is every indication that he will lead with the heaviest vote, in a general Republican victory.

The Liquor Shipping Law.

To those who have followed the case the finding of Judge Jones that the city anti-shipment ordinance is not legal, was not unexpected. The ordinance was so wide in its scope that it went beyond local option legislation in that it made no distinction between shipments for illegal purposes and shipments for possible purposes. The finding will have a tendency no doubt to increase shipments of liquor both for legal and illegal purposes and will render more difficult the task of obtaining evidence against those who ship in liquor for bottling purposes. However local authorities are not down hearted over the matter and their efforts to enforce the liquor law which have been unusually successful in the past will no doubt be kept up with energy in the future.

Sherman as an Orator.

Senator Lawrence Y. Sherman has severely criticised the Democratic tariff bill, but in no particular does

he show at his best as a keen analyzer and brilliant rhetorician as in his condemnation of the tax levied on books, printed in foreign languages, on art productions, on masterpieces of literature, art and science.

In his invective against this section of the tariff measure Senator Sherman paid a tribute to genius, particularly to the German, French and Italian masters, that is ranked as a classic.

In summing up of this section of the tariff law, he said:

"Let us not forget that modern science spoke through Pasteur and Erlich and all that splendid host who have worked in study and in laboratory that science might gain and humanity might have a better world for our little lives that are rounded with a sleep. So many of them have written the story of their toil and triumph in the foreign tongue they learned from their mother's lips. Knowledge is world wide. There is no good thought alien to us wherever the brain was born or in whatever accent it falls from the tongue that speaks it. It comes from the eternal spirit of the chainless mind."

"The artist's brush and the sculptor's chisel are degraded by the customs duties levied in this bill. All of earth's minted gold can not produce a genius. No sordid hope of pecuniary gain has created the world's great masterpieces. I am opposed to that paragraph of the present law and of this bill. Such productions ought to be forever duty free. We should attract art from every shore. In public or in private it adds to our daily life the intellectual, the beautiful, the spiritual that are part of man's priceless heritage that survives the grave."

RAYMOND HITCHCOCK COMES THURSDAY

Raymond Hitchcock, everybody's favorite comedy cut up, he of the subterranean voice and otherwise comic personality will come to the Grand Thursday night. Mr. Hitchcock has a new vehicle upon which to disport his engaging presence this season. It is called "The Beauty Shop," a musical comedy from a triumvirate of pens wielded by Channing Pollock, Renold Wolf, and Charles Gebert, who will be recalled as the author of Mr. Hitchcock's other great musical success, "The Red Widow."

Mr. Hitchcock has been presenting "The Beauty Shop" in New York, during the spring and summer months, and reports from that city as to the play's merits are most favorable. The play ran for nearly half a year at the Astor Theater, to the largest patronage ever accorded this Broadway favorite.

It goes without saying that Messrs. Cohan & Harris, Hitchcock's managers, have surrounded him with a fine company which includes an attractive chorus of singing and dancing artists. Every member of the Broadway company will be with "The Beauty Shop" when that delightful novelty is presented here. The associate players who will support Mr. Hitchcock comprise the same distinguished cast that played the long engagement at the Astor Theater, New York.

SOCIAL EVENTS.

The regular meeting of the Monday Conversation club was held yesterday at the home of Mrs. W. H. Hinrichsen of Alexander, with eleven Jacksonville members in attendance for a pleasant all-day gathering. A chicken dinner was served at noon and the guests partook of tea at 4 o'clock, a short time before departing for their train. Flowers and autumn leaves formed the decorations. The members of the club are under obligation to Mrs. Alice Kumble for a large box of cosmos and dahlias, worn as favors by the guests.

"American Song Writers", the subject of the study hour, was presented by Mrs. F. H. Rowe, assisted by Miss Mary Johnston, Miss Mary Anderson, Miss Janette Powell, Mrs. O. F. Ruffe, Mrs. E. L. Crouch and Mrs. G. E. Doying.

The next meeting of the club will be held with Mrs. Rowe, Monday afternoon, Oct. 26.

The State Street Presbyterian Woman's Bible class reception in the parlors of the church Monday afternoon from 3 to 5 o'clock was a most pleasant affair, with both divisions of the class well represented. Mrs. T. P. Lanning, the teacher, had charge of program arrangements and Mrs. H. D. French and Mrs. T. M. Tomlinson, the refreshments. Red lights and autumn foliage formed the decorations. Interesting talks were given by Dr. Morcy, Mrs. Mary T. Carriel, Mrs. J. K. C. Pierson and Rev. Mr. French.

Mrs. Lester McDougal's dancing class began the season last night at the Deben hall, with Mrs. Randall's orchestra furnishing the music. Mrs. McDougal who is a sister of Tom Allen seems to be as successful in her work as he has been in his particular line. Last night the class danced a program including the twinkle, half and half, Castle polka, one step, high links waltz and the other new steps.

LEAVE FOR KANSAS.

Mr. and Mrs. Patrick Morley of Alexander entertained at dinner Sunday for Mr. and Mrs. Fred Shopshire and Mrs. William Banhart, who departed Monday for their homes in Pittsburg, Kan., after a visit of a month in the community. They have been guests also at the home of Mrs. Mathew Hermes, New Berlin. It has been thirty years since Mr. Shopshire was in Alexander, his former home.

Miss Hazel McDonald of Chandler, Ill. was among the visitors in the city Monday.

LONGER PERIOD GIVEN FOR CHAPEL EXERCISES

Some Changes Made in the Study Hour of High School—Principal Stone Talks about Columbus Day.

Some changes have been made in the recitation periods at the high school, in order to give more time for the chapel services. At 8 o'clock arrangements have been made for classes in gymnasium, manual training, etc., and the real study period begins at 8:43. Chapel is called for 10:05 and lasts for twenty-five minutes. By this method the long morning hours will be broken somewhat. A longer period is given at chapel for often questions come up after the regular worship which necessitates more time.

The Nautilus Board will have a meeting today and considerable material is already compiled for the high school paper, the first issue to be out next week.

It has been agreed that on each Wednesday morning some musical numbers will be given. These programs will be provided alternately by the two literary societies of the school.

Principal Charles A. R. Stone made a short talk to the pupils yesterday about Columbus day, the day which was being observed. In relation to the founding of the new world he presented the following list of odd things about the earth that the average person does not know. They were compiled by Prof. R. H. Whitlock of the University of Wisconsin geology department: Do you know—

That Venice, Italy and Montreal, Canada, are in about the same latitude?

That if an express train had started out from the earth for the planet Neptune at the birth of Christ, and had traveled 60 miles an hour day and night since, it would not yet be half way there?

That Cuba would reach from New York to Chicago?

That the mouth of the Amazon river is as near to Europe as it is to New York?

That Texas is larger than Germany and as large as 212 Rhode Islands?

That, when measured in degrees of longitude, San Francisco is about in the middle of the United States, including Alaska?

That the entire continent of South America lies further east than Florida?

That Glasgow, Scotland, is in the same latitude as Alaska?

That, if the southern end of Chile, South America, was placed at Florida, that single country would extend northward entirely across the United States and Canada and half way across Hudson bay?

TWO HARDWARE STORE BURGLARS MUST FINISH ORIGINAL TERMS

Twelve Years for Shampoo and Ten For Service, When Michigan Officers Return Boys to Reformatory—Bootlegger and Burglars Busy Police.

Chief of Police Davis has received a telegram stating that officials from the Michigan reform school at Ionia, Michigan, will arrive in the city shortly to take charge of Charles Servance and Edward Shampoo, the young men who recently left that institution on parole and who were arrested here Saturday for burglarizing Brady Bros. store. The warden and assistant are to come for the men. Servance and Shampoo would much prefer trial here as under the Michigan law, having violated their parole, they must each serve out the full term of the original sentences. This means 10 years for one of them and 12 for the other.

A Bootlegger Caught.

Patrick Tubbs was arrested in an alley adjacent to the square by Patrolmen Eads and McGinnis and a search of the basket he carried revealed thirteen pint bottles of whiskey. Tubbs was taken to the city prison but in view of the court declaring the anti-shipment ordinance illegal he cannot be proceeded against at this time. No doubt however a sharp eye will be kept on Patrick to see that he does not offer any of the booze for sale.

Burglars Enter Home.

Between 6 and 9 o'clock Sunday night thieves entered the home of Sam I. Coultas, 235 North West street and stole a gray suit of clothes, one brown pair of trousers and \$14 in money. Mrs. Coultas was asleep in a chair in the front room at the time and the men had only partially searched the house before she was awakened.

Thieves Attempt Store.

The police received notification Sunday morning at 3 o'clock that marauders had attempted entrance at the grocery store of A. W. Elliott, run by Payton W. Berry, Anna and South West streets, and on arrival of the officers the plate glass door was found to have been smashed in. The intruders must have been frightened away as diligent search by Mr. Berry and his assistant failed to show any property missing.

Wanted in Springfield.

An officer from Springfield came yesterday and took back with him Chariton Wheeler, a local resident who is charged with being implicated in a burglary in the capital city. Wheeler had in his possession a gold watch with the name May T. Hall engraved thereon and this was one of the articles stolen. He declares that he bought the watch from a colored man in Springfield.

BIRTH RECORD.

Born at 10:30 Monday morning, Oct. 12, to Mr. and Mrs. William G. Richardson in the Point neighborhood, a son.

Born Sunday morning to Dr. and Mrs. James Almond Day, a son, Jas. Edward.

Coach Harmon Giving Men Hard Drill For Strenuous Tussle against University Eleven.

All of the men came through the game with Lincoln college in fine shape and now Coach Harmon is busy getting his Illinois eleven ready for the hard tussle with Normal University next Saturday, on Illinois field. Normal is strong this year, having a "stonewall" defense and a fast backfield. They played a 0 to 0 score against Millikin last Saturday, which upset some of the dope which had been figured on earlier in the season. If Illinois succeeds in winning over Normal it will look like four straight, as Shurtliff the next foe, is not touted as among the leaders this year.

Bradley defeated Eureka last Saturday, 58 to 0, and William and Vashti defeated Lombard 31 to 7, which means that Bradley and William and Vashti will figure in who is in the minor football teams of Illinois.

The date of the Millikin-Wesleyan game has been changed from November 14 to November 13.

On account of the bad condition of the roads the guests went to Litterberry via railroad where they were taken from and to the train through the kindness of Mr. Crum. A splendid dinner was served at the noon hour which was greatly enjoyed, and the day proved pleasant in every way.

SEN. OWEN SPEAKS TODAY.

As before announced, Senator Robert L. Owen of Oklahoma, will speak today at the court house in favor of Raymond Robins for United States Senator and in opposition to the candidacy of Senator Sherman and Roger C. Sullivan. The senator is traveling under auspices of the Robins Democratic league and is accompanied by a party of fifteen prominent Democrats. H. J. Rodgers will preside at the meeting this afternoon which is scheduled to begin at one o'clock. Senator Owen is making a downstate tour and will arrive with his party today via the C. & A. from White Hall.

NO WILSON AID FOR SULLIVAN SAYS SENATOR ROBERT OWEN

Oklahoma Democrat Says Chicagoan's Claims are Foolish—Supports Robins for the "Honor of Illinois"—Will Speak Today at 1 O'clock.

"The claim that Mr. Wilson could at heart be in favor of Mr. Sullivan seems preposterous," says Senator Robert L. Owen, Oklahoma Democrat, who is stumping Illinois for Raymond Robins, Progressive. "Mr. Sullivan makes this claim in the face of the fact that the president distinguished himself by fighting the corrupt bipartisan machine of New Jersey and overthrowing the Democratic bipartisan boss, Jim Smith, the Roger Sullivan of New Jersey." Senator Owen will arrive in Jacksonville today by special train from White Hall and will deliver his address in favor of the Robins candidacy at 1 o'clock at the court house. Fifteen prominent Democrats accompany the senator on his Illinois tour.

The Robins Democratic League, with which Senator Owen is working, has prepared in detail a record of Mr. Sullivan's career. The pamphlet was written by George Sikes and urges Democrats to support Mr. Robins for the "honor of Illinois." Senator Owen does not think President Wilson will take action against Sullivan. "The most Mr. Sullivan's friends can expect from the president is silence and this silence must be understood as the silence of the party head refusing to participate in the state campaign against a prima facie nominee."

The senator is opposing Sherman almost as warmly as he is the Democratic nominee, believing him a hopeless reactionary and a man of the type "responsible largely for Republican defeat." Senator Sherman, it is shown, voted to table the Norris resolution for the investigation of the New Haven and vigorously opposed federal inspection and grading of grain.

ILLINOIS MAN SUFFERED 15 YEARS; FIRST DOSE GIVES STOMACH RELIEF

F. A. Anderson Says Mayr's Remedy Makes Him Feel Like New Man.

F. A. Anderson of Custer Park, Ill., for many years suffered from stomach ailments and took a great deal of treatment of various kinds. At last he discovered Mayr's Wonderful Stomach Remedy. The results he sought came immediately. In a letter telling of his experience he said:

"I took the sample dose of your remedy and the results were wonderful. I began to feel better right away. I have since taken two bottles of your Wonderful Stomach Remedy. I have been suffering more or less for the past fifteen years and doctored with a great many doctors, but could never get any relief until I took your medicine. Now I am feeling like a new man."

Letters like that come from hundreds and hundreds of people in Illinois and all over the country. This remedy is known everywhere. The first dose will convince—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operation; many are sure it has saved their lives.

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleanser ever sold. Mayr's Wonderful Stomach Remedy is now sold by leading druggists everywhere.—adv.

SENATE REPUBLICANS ASSAULT DEMOCRATIC ADMINISTRATION

Charge That \$100,000,000 Additional Taxation Now Proposed Was Made Necessary By Democratic Blunders.

Washington, Oct. 12.—A general Republican assault on the democratic administration and its policies with particular reference to the pending war revenue bill, was made in the senate today, while Democratic leaders devoted their efforts to smoothing the way for early adjournment of congress.

Senators Smoot, Borah and Smith of Michigan, vigorously assaulted Democratic legislation and Democratic administrative policies, declaring that the \$100,000,000 additional taxation now proposed was made necessary by Democratic blunders. They went into detail in their criticisms of Democratic extravagances and these will be made issues in the fall campaign.

Applauding silence on the Democratic side greeted the outburst. Democratic leaders planned to allow the Republicans to have their say, then pass the tax bill and adjourn. Senator Simmons, however, made a brief reply to attacks on the Democratic tariff.

The demand of southern members of congress for legislation to relieve the cotton situation loomed up as a possible bar to early adjournment. Senator Overman of North Carolina, declined to allow the senate to agree that the tax bill be voted on Thursday asserting that something must be done about cotton. It is expected the southerners will be satisfied if a vote is taken on an amendment to the bill designed to aid the cotton states and that this will be done. Senator Smoot opening the Republican attack on the tax bill declared no additional levy would have been necessary if the protective tariff law had remained in force. He said that the plea that the European war made the tax necessary was "a shameful pretext."

GERMANS CAPTURE PROVISIONS IN LARGE QUANTITIES AT ANTWERP

Berlin Statement Says English Are Said to Have Blown Up Ten of the Antwerp Forts.

London, Oct. 12.—The following official statement has been received from Berlin by the Marconi Wireless Telegraph Co.:

"Enormous quantities of provisions of all kinds were captured in Antwerp. The garrison of the northern forts and 13,000 English fled to Holland, where they were disarmed. The English themselves are said to have blown up ten of the Antwerp forts. The Belgians estimate that they lost 20,000 men as prisoners. When the fall of Antwerp was made known to the allies, the French cavalry was withdrawn in the direction of Arras.

"The interrupted artillery engagement in the Woevre region was resumed October 11. At the same time the German right wing and center resumed the bombardment of Rheims.

"On the whole the situation for the Germans is favorable. Before his departure for the front Emperor William promoted Prince Joachim (youngest son of the emperor) to the rank of cavalry captain.

"It is reported that a Russian fleet of 8 large vessels and 10 small ships was sighted Saturday near Kustendje (a seaport of Rumania on the Black Sea), steaming in a southerly direction."

GAME CANCELLED WITH GREENFIELD

DISAGREEMENT OVER OFFICIALS IS CAUSE.

Manager Mitchell of Greenfield Squad Would Not Bring Team Here Unless Both Referee and Umpire Were Chosen From St. Louis University.

Jacksonville high school will not play Greenfield high school this year. Negotiations which had been under way for several days relative to officials came to a head Monday, when Greenfield refused to come unless both umpire and referee could be chosen from St. Louis University. To this Jacksonville said no.

For several years there has been no athletic relationship between the two schools, in fact since the time Greenfield left the Jacksonville field because they objected to the decisions of the referee. This year, however, Manager Mitchell of Greenfield came to Jacksonville and consulted with the local athletic authorities and a game was scheduled for November 7. When it came to deciding about officials Manager Mitchell wanted both men chosen from St. Louis University. It was agreed that the matter would be decided by selecting officials from names submitted by Coach Harmon of Illinois college. After a conference over the phone last Friday Manager Mitchell agreed on Coach Harmon of Illinois and Morse of Carrollton, to which Jacksonville also agreed.

Monday afternoon Mgr. Mitchell called Faculty Manager Carter over the long distance and said that unless Jacksonville would agree to both officials coming from the St. Louis university, he would not bring his team here. (He was informed by Manager Carter that Jacksonville wouldn't play them under such conditions.)

Mr. Carter in speaking of Greenfield's action last night said, "I have it on good authority that the Greenfield team is all right but that Coach Good will not play fair when it comes to the selection of officials."

Other arrangements will be made for the filling of the date on the seventh so that there will be no hitch in the schedule. Coach Buland has his team busy at work in preparation for the return game with Hannibal, Mo., which is next Saturday at Hannibal.

PREDICT THAT RUDOLPH AND BENDER WILL PITCH TODAY

BOSTON, Oct. 13.—Ideal baseball weather—clear skies and moderate cool air—was the indication at 1 a. m. for the fourth world series game. In the baseball camps the prediction was that the opening twirlers in the contest would be the Rudolph for the Braves and Bender for the Athletics.

Athletics Still Hopeful.

Boston, Oct. 12.—The Philadelphia players tonight said they were still hopeful that they would even up the series. It seemed to be the general opinion among them that the Braves were playing at the very top of their game, while the Athletics were far below their usual playing ability. Baker in particular pointed out his slump in batting. He declared he could not understand why he should strike out twice in succession.

JURY DISAGREES; OUT 70 HOURS.

Chicago, Oct. 12.—After women defendants had been liberated in seventeen consecutive murder trials here a jury today disagreed in the trial of Mrs. Pasqualina Forte, her daughter Anna and her son Pasquale, all charged with the murder of Antonio Moroso, Anna's former sweetheart. The jury deliberated 70 hours before it was reported hopelessly deadlocked.

EARLY MORNING BLAZE.

The fire department was called to the residence of Mrs. Frances Ornellas, 754 West Railroad street, this (Tuesday) morning at 2 o'clock. The blaze originated from a stove in a room which had been rented by a young man. When the department arrived, the sides of the wall, some clothing and bed clothes and so much were burned. The department found it necessary to use only the chemical in extinguishing the blaze.

Under the law the governor fills the vacancy by appointment and there is considerable speculation as to who will be named. Albert E. Isley of Newton, former chief clerk in the office, Fred L. Bergstresser of Pekin, X. F. Biedler, Lincoln and James O. Monroe of Elmhurst, the three latter now being employees of the office, are applicants for the place. Biedler was a candidate for secretary of state six years ago and at the primary in 1912 ran second to Woods for the democratic nomination.

The funeral services will be held at 10 o'clock Wednesday morning at the residence and will be private. The body will be placed in a receiving vault here and later sent to Chicago for burial.

Corn Comes Off as Easy as You Please!

"Gets-It" Being Used by Millions!

It is the first time that a real, sure-as-fate corn cure has been discovered. "GETS-IT" is the new

corn-cure, based on an entirely new principle. It is a new, different formula, never successfully imitated. It takes corns, blisters and then vanishes. Two drops do the work. You don't bundle up your toe any more with sticky tape and plasters that press down on the poor corn—no more fish-bone and other things that don't "stay put," no more hacking at corns with knives or razors, no more bleeding or danger of blood poisoning. No more limping around for days with sore corns, no more corn pains. "GETS-IT" is now the best-selling corn cure in the world. Use it on hard or soft corn, wart, callus or bunions. COMMANDERS OF FIVE AUSTRIAN ARMY CORPS ARE REMOVED

Official Statement Says the Generals Retired at Their Own Request Because of Reasons of Health.

Venice, Oct. 12.—via Paris—A despatch from Vienna announces the sudden removal of the commanders of five Austrian army corps and the appointment of General Svetozar Boroevic as the new commander of the Third army.

The commanders dismissed are Generals Baron Giesl von Gieslingen of the eighth army corps; Kolosvary von Kolosvar, of the eleventh army corps; and Meixner von Zweienstann of the Seventh army corps and the commanders of the Sixth and Seventh corps.

The newly appointed commanders are General Arz, Sixth Corps; Griselet, Seventh corps; Schenckel, Eighth corps; Liublie, Eleventh corps and Kriek, Seventeenth corps. It is officially stated that the commanders retired on their own request because of reasons of health. The newspapers of Vienna make no comment on the changes.

BIRTHDAY PARTY.

Mr. and Mrs. E. L. Rexroat gave a party at their home near Arcadia, Saturday, Oct. 10, 1914, from 1:30 to 4:30, in honor of their son Eugene's 10th birthday. The rooms were pretty with Hollowne decorations. Many games were played in which the following won prizes: Joy Brainer, Earl Young, Richard and Theodore Thompson, Flossie and Willie Stubblefield and Fritz Ravenscroft. The children were then invited to the dining room for refreshments.

In the center of the table was the birthday cake containing 10 lighted candles. Ice cream, cake and candies were served and after all had eaten, the birthday cake was cut. Flossie Stubblefield found the ring. Eugene Rexroat the needle, Frank Gish the thimble, Everett Obermeyer the dime and Paul Rexroat the button. Eugene received many nice presents from his school mates and after listening for a while to some music all departed having had a pleasant time. Those present were: Mrs. Hannah Rexroat, Mrs. Sara Rexroat, Mrs. Barbara Chailiner, Ellen and Ruth Detherage, Cora Rudisill, Luther Kennedy, Richard Thompson, Pauline Henderson, Joy Brainer, Floy Clark, Harold and Earl Young, Flossie and Willie Stubblefield, Eugene, Paul, Kathryn and Ellis Rexroat, Theodore Thompson, Everett Obermeyer, Frank Gish, Irene Rudisill and Fritz Ravenscroft.

Frank Read, Jr., formerly of this city, has for more than a year past been superintendent of the Oklahoma school for the Deaf, located at Sulphur and his work there has been very satisfactory to the trustees of the school as well as the patrons. This summer and fall have been especially busy because a number of new buildings have just been completed. Writing of the institution to Jacksonville friends Mr. Read said recently:

"We are preparing to vacate our old buildings and move to our new buildings and expect to open school the 1st of October—of course this is a very busy season with us right now.

"We have four new buildings: the main building, which is a school house having twenty-four classrooms, an auditorium, and industrial shop rooms; two cottages, which will be used for dormitory purposes—one for the boys and one for the girls, and a power house.

"The Oklahoma School is built on the 'cottage plan.' All the buildings are fireproof and well built.

HIGH SCHOOL TUITION LAW IS FOUND VALID BY JUDGE JONES

COURT DECIDES AGAINST CITY ON QUESTION OF LIQUOR SHIPMENT LAW

These Important Rulings Made Monday Afternoon in Circuit Court—Directors Must Pay High School Tuition as Long as Expenses Are Not Beyond Legal Limit—Council Exceeded Authority in Anti-Shipping Measure—Appeals Asked.

Judge Norman L. Jones in the circuit court Monday afternoon gave written opinion wherein he declared valid the high school tuition law and invalid the city ordinance directed against the shipment of liquor into Jacksonville for any purpose whatsoever. Judge Jones reviewed each case at some length pointing out in a clear way in what manner he had arrived at his decisions and on what legal precedents he acted.

The case which involved the validity of the high school tuition law was styled James C. Swain against L. J. Stewart, George L. Stice and Edgar Cully, directors of school district No. 40. In the proceedings the complainant was represented by Worthington, Reeve & Green and the directors by Kirby, Wilson & Baldwin. The ruling is of state wide interest as in various counties school directors have resisted the law maintaining that they did not have sufficient funds to pay the tuition of pupils in their districts to high schools elsewhere. Judge Jones held that under the law this is obligatory so long as the expenses of the district school and for high school tuition do not exceed the legal limit.

The court's decision in the liquor case was given in the suit of the City of Jacksonville against the Chicago & Alton road in an action for debt. In this suit the city was represented by City Attorney Thompson who was assisted by James H. Danks and Kirby, Wilson & Brockhouse appeared for the C. & A. road. Judge Jones declared that the city had full authority to pass an ordinance against the shipment of liquor into the city for illegal uses but that the authority was exceeded in passing an ordinance which prohibited the shipment of liquor for any purpose whatsoever. The full text of each decision is given herewith. A motion for appeal to the supreme court has been allowed in each case.

HIGH SCHOOL TUITION LAW DECISION

In the Circuit Court, May Term, 1914. James C. Swain, vs. L. J. Stewart, et al., Directors School District No. 40. Mandamus.

The petitioner in this case asks that a writ of mandamus be issued directing the defendants, as Directors of School District No. 40 in Morgan County to approve the selection of the Jacksonville High School to be attended by certain of Petitioner's children, and require said school district to pay the tuition of said children in said High School.

The suit is brought under the provisions of an Act of the General Assembly approved June 26, 1913, entitled, "An Act to provide High School privileges for the Graduates of the Eighth Grade." The Act is as follows:

"That graduates of the eighth grade residing in a school district in which no public high school is maintained, shall be admitted, upon the payment of tuition, to any public high school, with the consent of the school board of the district in which such high school is situated. The tuition of such pupils shall be paid by the district in which they reside, from any funds not otherwise appropriated, but in no case shall the tuition per pupil exceed the per capita cost of maintaining the high school selected. The parent, or guardian shall select the high school to be attended, subject to the approval

I hope to spend my life, I'm afraid from mixups, riot, and draw my humble wage, and do my stunt laborious, and draw my humble wage, and those who think war is glorious may grind their swords and rage. I'd spend my lifetime happily, good friends and men and kind, alas, some neighbors, smilingly insist on mixing things. Because I treat them smilingly they think I have no spunk; I greet them so he-avily they climb upon my trunk. They'd fain assault and batter me, because it's safe, they say; they'd punch my head and scatter me to make a holiday. And then I sweat them mightily, and lacerate their hair, and black their eyes so vitally they wish they were not there. of the school directors of the home district. PROVIDED, HOWEVER, that the high school selected offers a program of studies extending through four school years. The application of this Act shall not relate to districts that provide work in the ninth and tenth grades, except to pupils that have completed the work of such grades."

It appears from the pleadings and from the evidence in the case that the Petitioner is the father of Horace R. and Harold E. Swain, twins, of the age of 17 years, both of whom are graduates of the Eighth Grade of the said school district No. 40, of which they are residents; that no public high school is maintained in said district; that the Petitioner has selected the high school of Jacksonville to be attended by said graduates; that said high school offers a program of studies extending through four school years; that the Board of Education of Jacksonville consents to admit said graduates; that said high school is a convenient and proper high school for them to attend; that the Directors of the school district of which the said graduates are residents decline and refuse to approve or consent to the selection of said high school and to pay the tuition therein; that said tuition does not exceed the per capita cost of maintaining said high school; that said district No. 40 does not provide work in the ninth and tenth grades and has sufficient funds, not otherwise appropriated, with which to pay the tuition of said graduates.

The school Directors base their refusal to consent to the admission of said graduates to the Jacksonville High School and to pay their tuition on the ground, as the Directors allege, that the said Act of the General Assembly is unconstitutional and void, and, therefore, they are without power to expend the money of their District in paying said tuition.

It is contended by the respondents that the Act in question violates the provision of Section 13 of Article 4 of the Constitution of this State. The provision referred to is as follows:

"No law shall be revived or amended by reference to its title only, but the law revived or the Section amended shall be inserted at length in the new Act."

In order for an Act of the General Assembly to contravene the above mentioned provision of the Constitution, the Act must be incomplete in itself. Its provisions must be so commingled with the provisions of an older law that it is necessary to read the two Acts together to determine what the Law is.

People vs. Crossley, 241 Ill. 78. The question then arises as to whether or not the Act of 1913 is a complete Law within itself. Are its provisions so commingled with the provisions of any other Act or Acts that all must be read together to ascertain what the new law really is, and what it was intended to accomplish.

The purpose of the new Law is to give children of school districts where no high school is maintained the advantage of a high school education without imposing the burden upon such districts of maintaining a high school, or the impractical task of providing a full high school course of study within their districts. The Constitution of this State makes it the duty of the Legislature to provide a thorough and efficient system of free schools. How such schools are to be organized and conducted and their affairs administered is left to the discretion of the Legislature, subject, however, to the limitation that the privileges and opportunities of all children within a district must be uniform and open to all alike.

People vs. Moore, 240 Ill. 408. The Legislature has undoubtedly right to provide for the transfer of pupils from one district to another and to provide for the expenditure of money of the district raised for educational purposes, subject to the above mentioned limitation. In fact, it is not denied by the respondents in this case that the Legislature has the power to provide for the transfer of Eighth Grade graduates from a District not maintaining a High School to a District having a High School which provides an approved course of study. If such power be conceded, it must follow that it is a necessary incident to such power, that means may be provided for the payment of the tuition of such graduates.

If, then, the Legislature has the power to provide for the transfer of Eighth Grade graduates of a District, what is there lacking in the Law of 1913 to make it complete, specific and definite? I can find no material omission. The Law definitely fixes the qualifications and requisites of every transfer of a graduate. There can be no confusion as to persons who are entitled to attend a High School under the provisions of that Act.

If a pupil is a graduate of eighth grade in the District in which he resides, or if his District provides work in the ninth and tenth grades, then, if he is a graduate of such grades, he is entitled to attend a High School in another District, and to have his tuition in such High School paid by his home District. Provided, 1st. That his home District does not maintain a High School.

2nd. That the tuition in such High Schools does not exceed the per capita cost of maintaining said High School.

3rd. That the home District has funds not otherwise appropriated, with which to pay the tuition of such graduate, and,

4th. That the High School to be attended offers a program of studies extending through four school years. When all of these conditions are found to exist then the parent of such graduate has the right, under the Law, to select a proper and convenient High School to be attended by his child and to have the tuition paid by the home District. In such a case, and when all these things coincide, it is not within the power of the School Directors of the home District to refuse to approve the selection of the High School or to decline to pay the tuition. They have no discretion in the matter. Their duties are prescribed by the Law and they cannot avoid them. To be sure, the Law says that the selection of the High School shall have the approval of the School Directors, but this does not give them the right to arbitrarily refuse to approve any and all selections made by the parent or guardian, or, in fact, to disapprove of any proper selection. The parent has the right of selection and, when proper, it must prevail; otherwise, the purpose and intent of the Law could be easily thwarted, if not destroyed, by Boards of Directors who chance to be opposed to the Law.

Counsel for respondents have not so much contended against the Law for any uncertainty of its provisions concerning the requirements of transfer as they have concerning means provided by Act for raising money with which to pay tuition. It is true that the Act does not direct that money be raised or kept on hand for the purpose of paying such tuition, and it hardly think this is necessary. The Act in question is but a part of a general and comprehensive plan for the education of the children of our State, and I can see no legal objection to the use of funds "not otherwise appropriated," in giving children of rural districts the advantages of a high school education upon the same or like terms as are given to the children of the more populous communities of the State.

It is now important to determine what is meant by funds "not otherwise appropriated." Section 189 of the School Law authorizes the levy of a tax for educational purposes of 1-1/2 per cent on each \$100.00 of all the taxable property within the District and also a like amount for building purposes. It is quite evident that moneys levied for building purposes cannot be used for educational purposes and are, therefore, appropriated otherwise than for the payment of tuition teachers' salaries, etc. But funds which are raised for educational purposes can be used and are intended to be used for paying salaries, tuition, and the other usual and incidental expenses of instruction in the public schools.

The Act of 1913 was intended neither to amend nor repeal any Law of the State relative to the levy of taxes, but so far as it effects the revenues of the School District, it deals with the expenditure of funds which are available after the cost of maintaining the District school has been met. The Legislature never intended that moneys which are necessarily appropriated for paying teachers and the support of the District school should be used in paying tuition of pupils in High Schools, but it did intend, according to my view, that when the District has funds on hand in excess of the amount necessary to support the

JOHN J. REEVE

REPUBLICAN CANDIDATE FOR COUNTY JUDGE OF MORGAN COUNTY

(Jacksonville Journal Editorial, October 9.)

John J. Reeve was born and reared on a farm east of Jacksonville, and has lived in the county substantially all of his life, his ancestors having been among the earliest settlers in the county. He began the active practice of law in 1891, in Jacksonville with Morrison & Whitlock; served as City Attorney of Jacksonville from 1895 to 1899, and in 1899 formed a partnership with the late Isaac L. Morrison and Thomas Worthington, under the firm name of Morrison, Worthington & Reeve. This partnership continued until the death of Mr. Morrison in 1901, after which the firm name was Worthington & Reeve until 1912, when Mr. Hugh Green became a member of the firm.

Mr. Reeve's practice has brought him into one side or the other of most of the important litigation in this county, and of as much in adjoining counties. He is now president of the Morgan County Bar Association, is a member of Grace M. E. church, Grand Master of the Order of Knights of Pythias. He is also a member of the I. O. O. F., M. W., A. A., Elks, Masons, including the Order of Knight Templar, a member

of the Order of Red Men and of the Court of Honor. Aside from criminal business, the County Court is now of far greater importance to the people of the county than the Circuit Court, as it handles a much greater volume of business affecting the most intimate business and domestic relations of the people. In all this class of business Mr. Reeve has had a wide experience, including such cases as the settlement of estates, special assessments and drainage matters, criminal cases, the management of the estates of minors and insane persons, the handling of matters relating to taxation, and such other subjects as necessarily come before the county court. His experience in all this class of business will be of great value to the people of the county, if he is elected county judge, and will save to them a large amount both in time and money. He already knows how to despatch the business of the court and do it promptly. His experience, training and character eminently fit him for the office of County Judge and it is to the interest of the people that a person with these qualifications should be elected to that important office.

BRVES DOWN ATHLETICS IN TWELVE INNINGS OF THRILLING BASEBALL

CONTEST IS ONE OF THE MOST SENSATIONAL EVER PLAYED IN A WORLD'S SERIES

BOSTON, Oct. 12.—In one of the most sensational games ever played in a world's series, the Boston Braves defeated the Philadelphia Athletics at Fenway Park this afternoon by a score of 5 runs to 4. Twelve innings of thrilling baseball were necessary before the National league representatives could record their third consecutive victory of the present series.

So bitterly was the struggle contested by both teams that, with the possible exception of the final game between the New York Giants and the Boston Red Sox in 1912, nothing equalling today's play has been recorded since the world's series began under National commission auspices in 1905.

Battle More Than Three Hours

For three hours and six minutes the two teams alternately led, tied or forged ahead in the score and the game that began in bright sunlight was won in deep twilight, with electric signs flashing outside the park and the evening star glimmering overhead. While not the best played game of the series from the standpoint of technical baseball, it was so abounding in dramatic moments, thrilling plays and baseball strategy that 36,000 spectators who filled the stands were lifted to superlatives of enthusiasm by the struggle.

New players mounted to niches in the world's series hall of fame, and others suffered the temporary curse of the fans, but when the winning run finally crossed the plate in the dusk, the general sentiment was that it was a splendid game to win and a trying one to lose.

The Braves rushed joyously from the field determined to clinch the championship title of 1914 with a fourth victory tomorrow, while the Athletics, taciturn and grave, filed slowly out of the park still hopeful that their famous machine would arise to the emergency that faced it. To retain the honors won last fall, the Mackmen must win the next four games, a task generally considered impossible by followers of baseball. The odds on the Boston club tonight are three to one, with little Athletic money in sight.

The most striking feature of the play was the fighting spirit shown by the youthful combination George Stallings had gathered around him to represent the city in the National League. Repeatedly the Philadelphia team would battle its way into the lead only to witness its rival draw alone side again in the same or the succeeding inning. Never once during the long and nerve racking contest did the Braves cease their attack. Both from an individual and collective standpoint they deserved the victory they won.

The American leaguers were the first to score, sending a run across the plate in the opening inning on Murphy's two base salute off Tyler's delivery. He moved to third on Oldring's sacrifice and scored when Connolly dropped Collin's high fly. The Braves tied the score in the second inning on Maranville's walk, steal of second and squeeze to the plate on Gowdy's double into the left field bleachers.

In the fourth, each team added another run. For the Athletics, McInnis doubled in the same spot and scored on Walsh's single to left. Schmidt responded for the home team with a single over second, advanced on Deal's out and counted on Maranville's single to right.

With the score two to two, the play continued without advantage one way or the other until the tenth inning. The Mackmen began the session by scoring two runs when Schang singled to left and was safe on Tyler's late throw to second on Murphy's grounder to the pitcher. After Oldring's out, Collins walked and Schang and Murphy scored on Baker's single.

Gowdy Starts Braves' Rally. Gowdy started the Braves' rally with a home run into the bleachers back of center field. Moran got a pass off Bush, went to third on Evers' single over second and came home on Connolly's sacrifice fly. Again the score was tied.

Another inning and a half passed without result, but when Catcher Gowdy came to bat for the Boston club in the twelfth session, he opened with a double to left field, his third hit of the game. From the midway bag he called for a relief runner and Mann was sent to his place. Bush purposely passed Gilbert, sent in as a pinch hitter for James. When Moran bunted half way between third and the pitcher's box, Bush grabbed the ball and attempted to catch Mann at Baker's temptation. "Butt Joe's" throw was wild. The ball went into left field, the relief runner rounded third and romped home with the winning run, and the Braves' third victory in three games.

Score by innings:

Philadelphia . . . 100 100 000 201—4

Boston . . . 010 100 000 201—5

Summary.

Two base hits—Murphy (2), Gowdy (2), McInnis, Deal, Baker. Home run—Gowdy. Hits—On Tyler, 8 in 10 innings; James, none in 2. Sacrifice hit—Oldring, Moran. Sacrifice fly—Collins, Connolly. Stolen bases—Collins, Evers, Maranville (2). Double play—Evers, Maranville and Schmidt. Left on bases—Philadelphia, 10; Boston, 8. First base on balls—Bush, 4; Tyler, 3; James, 3; First base on errors—Philadelphia, 1. Struck out by Bush, 4; James, 1. Time, 3:06. Umpires—Plate, Klem; bases, Dineen; left field, Byron; right field, Hildebrand.

Although Gowdy did not cross the plate with the run which his double started he was the hero of the game. His two doubles and home run in four times at bat were the feature hits of the contest. Captain Johnny Evers was second with three singles and Schmidt, Deal and Maranville also contributed opportune hits. Murphy, with two doubles and Baker with a double and a single were the leading Athletics batsmen.

The battery work was not as clean cut or spectacular as in the preceding games. In addition to Bush's wild throw that closed the contest, Catcher Schang was charged with an error for the Athletics. Bush, in twelve innings fanned four and walked an unusual number of Boston batsmen. Tyler struck out four and passed three Mackmen in ten innings, while James fanned one and walked three in his two periods on the mound.

Pielding honors were divided by Baker, with two successive stops and throws in the ninth inning, and Schmidt, who in the eighth inning got Bush's whistling drive along the base line with a one-hand stab and while prone on the ground threw the runner out at first. Connolly contributed the Braves' only error when he dropped Collin's hoist in the opening inning.

Record Boston Crowd Sees Game. A record Boston world's series crowd witnessed the game, 35,520 persons, paying \$63,806 to pass through the turnstiles into the park.

Of this sum the national commission took \$6,380.80; the players received \$34,456.32 and the club owners \$11,485.44. Had the capacity of Fenway Park been greater these figures would have been considerably increased. The bleacher gates were opened at 9 o'clock and the long rows of fans, many of whom had stood in line all night, filed through so rapidly that within less than two hours the gates were closed with several thousand still clamoring for admission.

In the reserved sections were many who paid speculators fancy prices for pasteboards at the last moment, in order to gain a place among the cheering clans which jammed every available foot of space not deadlined by the fire and police authorities.

So great was the crush that several hundred who had no coupons fought their way through the gates. The stands which surrounded the field on all sides except back of deep center, were black with the solid masses of spectators.

Weather conditions favored both the players and the spectators. The sky was partly overcast and while a stiff wind blew out of the west, the almost continuous ring of stands cut off the strength of the blast. Both diamond and outfield were dry from sun bake and every slide and rush produced a cloud of dust which rapidly drifted away, causing the players less annoyance than was the case in the games in Philadelphia.

BIG PROGRAM IS GIVEN AT LEXINGTON MEET

ALL SIX EVENTS ARE WON IN STRAIGHT HEATS.

Only Feature of the Day is Henry Todd's Performance in Lowering Two Year Old World's Record for Geldings to 2:11 3-4.

Lexington, Ky., Oct. 12.—A big program of six races, featured by the \$2,000 Bluegrass stakes for 2:10 pacers, won by Peter Stevens and the Lexington, the oldest two year old stake in the United States, won by Henry Todd, was decided today at the opening here of the second week of the grand circuit races. Except for the lowering of the two year old world's record for geldings to 2:11 3-4 by Henry Todd, the racing was featureless, all events being decided in straight heats.

"The Turkey Trot", a special sweepstake, made last year, was won by A. W. Smith's Prelma, driven by Raymond Snedeker. J. O. Winston's Polly Overton, driven by Murphy, was the only other star, the race furnishing a good contest.

Summaries.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" Ends Stomach Misery, Indigestion in 5 Minutes.

If what you just ate is scouring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomachic headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too. If you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Adv.

A WORD OF THANKS

Brady Brothers Appreciate Quick Work of Authorities.

We desire to call attention through your columns to the prompt and efficient work of our police department.

Our store was entered early Saturday morning and three revolvers, two flashlights and other small items were stolen. The parties were caught a few hours later and the good returned to us Monday morning. Had it not been for Sunday intervening the work would have been accomplished in twenty-four hours. Furthermore, the Michigan authorities were notified and officers are on their way here to take the convicts back to serve their time.

The quick and aggressive movements of Chief Davis and his officers in this case would be a credit to any of the big metropolitan forces.

We also wish to call attention to the fact that New Watchman Jerry Sweeney was on his job as he always is and that Mr. Tendick was a good deputy sheriff. In fact, so good that the sheriff instinct scented trouble and he immediately got in touch with the police department, and last, but not least, the Journal. Everybody reads the Journal and that is where Mr. Tendick got his first tip.

TAKE FIFTH GAME FROM NATIONAL CLUB.

Schalk Starts Winning Rally in the Fifth Inning—Both Clubs Play Errorless Ball—Giants Take Another From Yanks.

Chicago, Oct. 12.—The Chicago Americans gained a game on their National League opponents today when they won 3 to 1, thereby making the standing three and two in favor of the older league representatives for the city championship.

Ray Schalk started the winning rally for the American leaguers in the fifth inning. Cheney was pitching masterly ball to this frame, having allowed only two scattered hits. Schalk led off the fifth with a double down the third base line. Breton sent him to third on a sacrifice and he counted the tying run on Weaver's triple to center. Blackburn followed with a sharp single to right and Weaver scored the run which won the game. However, the Americans added another run in the seventh inning and clinched the game. Schalk again led off, but this time with a single. He raced around to third when Cheney cut loose with a wild pitch and scored on a sacrifice fly by Faber.

The Nationals were saved from a shut out when Schulte started the fourth with a triple and scored on Sweeney's infield out. Scott, who pitched the American leaguers to their victory, was on the mound again today and was opposed by his rival Cheney. He held his opponents to four scattered hits, but gave way to a pinch hitter in the fifth. Faber, who succeeded him on the mound, had the Nationals baffled until the ninth inning, when Bresnahan singled past Weaver. At the time, the score board boy posted the score of the World's championship game and Weaver turned his head long enough to allow the hit to get away from him. Manager O'Day then trotted his pinch hitters to the plate in a last hope that they would repeat their performance of yesterday, but they failed. Both clubs played errorless ball and held in spectacular style.

5 Women Avoid Operations

For years we have been stating in the newspapers of the country that a great many women have escaped serious operations by taking Lydia E. Pinkham's Vegetable Compound, and it is true.

We are permitted to publish in this announcement extracts from the letters of five women. All have been recently received unsolicited. Could any evidence be more convincing?

1. HODGDON, ME.—"I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached and I was so nervous I could not sleep, and I thought I never would be any better until I submitted to an operation, but I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman."—Mrs. HAYWARD SOWERS, Hodgdon, Me.

2. CHARLOTTE, N. C.—"I was in bad health for two years, with pains in both sides and was very nervous. I had a growth which the doctor said was a tumor, and I never would get well unless I had an operation. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, and I gladly say that I am now enjoying fine health."—Mrs. ROSA SIMS, 16 Winona St., Charlotte, N. C.

3. HANOVER, PA.—"The doctor advised a severe operation, but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it."—Mrs. ADA WILK, 196 Stock St., Hanover, Pa.

4. DECATUR, ILL.—"I was sick in bed and three of the best physicians said I would have to be taken to the hospital for an operation as I had something growing in my left side. I refused to submit to the operation and took Lydia E. Pinkham's Vegetable Compound—and it worked a miracle in my case, and I tell other women what it has done for me."—Mrs. LAURA A. GRISWOLD, 2300 Blk. East William Street, Dec

LADIES' SECRET TO

DARKEN GRAY HAIR
Bring Back Its Color and Lustre
With Grandma's Sage
Tea Recipe.

Common garden sage brewed in-
to a heavy tea, with sulphur and
alcohol added, will turn gray,
streaked and faded hair beautifully
dark and luxuriant; it removes every
bit of dandruff, stops scalp itching
and falling hair. Mixing the Sage
Tea and Sulphur recipe at home,
though is troublesome. An easier
way is to get the ready-to-use tonic,
costing about 50 cents a large bot-
tle, at drug stores, known as
"Wyeth's Sage and Sulphur Com-
pound," thus avoiding a lot of muss.

While wispy, gray faded hair is
not sinful, we all desire to retain
our youthful appearance and attrac-
tiveness. By darkening the hair
with Wyeth's Sage and Sulphur, no
one can tell, because it does it so
naturally, so evenly. You just
dampen a sponge or soft brush with
it and draw this through your hair,
taking one small strand at a time;
by morning all gray hairs have
disappeared. After another applica-
tion or two your hair becomes
beautifully dark, glossy, soft and
luxuriant and you appear years
younger.—Advertisement.

WOMEN VOLUNTEERS.
In stress and trouble the women
of a nation are always to be com-
mended. In Serbia the women
went to the front with muskets in
their hands; they were as strong

women escape the weakening trou-
bles peculiar to their sex.

For every disease or ailment of
a womanly character, no matter
how recent or how long standing,
the one sure, reliable remedy of
proved merit is Dr. Pierce's Favorite
Prescription.

It is prepared from nature's roots

Women are earnestly advised to
take it for irregular or painful pe-
riods, backache, headache, displace-

For girls about to enter woman-

YOUNG WOMAN SHOT TO DEATH BY FRIEND

MISS CASEY FANNING LOST HER LIFE THROUGH CARELESSNESS.

Arthur Templin Pointed Weapon at Young Woman and "Did Not Know It Was Loaded"—Coroner's Jury Censured Albert Prewitt for Handling Revolver to Templin Without a Warning.

As the result of an unfortunate accident which was also characterized by gross carelessness, Miss Casey Irene Fanning was shot and killed Sunday night at the home of her parents, Mr. and Mrs. Sherman Fanning, on North Main street. The shooting occurred about 8:45 and the 32-caliber revolver which resulted in the young woman's death was in the hands of Arthur Clyde Templin, who was at the house calling on Miss Cecil Fanning, a sister of the young woman who was killed.

It was another case of "didn't know it was loaded" as Templin had previously seen Albert L. Prewitt, who brought the revolver to the Fanning home, remove the shells and did not know that subsequently Prewitt had replaced the shells in the gun. The bullet which ended Miss Fanning's life entered her right arm and took a course directly through the body and passed into her heart. She spoke several sentences afterward, but life was extinct within three or four minutes, and the character of the wound was found as described, by Dr. Webster, who arrived fifteen or twenty minutes subsequent to the shooting.

The Coroner's Inquiry.

The coroner's jury which investigated the shooting consisted of J. W. Merrigan, foreman; M. H. Carroll, Charles Cruse, F. L. Sharp, W. F. Widmayer and W. S. Camp, clerk. The inquiry was held in the grand jury room at the court house, and Prewitt and Templin were the only witnesses examined. The verdict rendered was that Miss Fanning came to her death in the manner already stated, from a revolver held in the hands of Arthur Templin. The jury censured Albert Prewitt for handing a loaded revolver to Templin without calling attention to the fact that it was loaded.

Their story of the shooting as told by the witnesses was in effect as follows: Albert L. Prewitt testified that he lives at 330 West North St. and is employed at the Capps mill. He said that he went to the Fanning home about 6:30 Sunday evening to call on Miss Casey Fanning as had been his custom for several months, and that he accepted an invitation to stay for supper. He said that Arthur Templin was also at the house calling on Cecil Fanning, a young lady seventeen years of age. Prewitt said that he had with him a revolver which had been pawned to him on Saturday and that he showed it to Miss Fanning and frightened her with it, because she had a special fear of revolvers. He said that Templin was with Miss Cecil Fanning in the room adjoining and that he went in there and showed the revolver to Templin and in his presence took out the loaded shells. Then he returned to the room where he had been conversing with Miss Casey Fanning. She had gone to the well to get a drink of water and, professing fright at the revolver, had gone around the house to enter by the front door.

Attempted to Scare Young Woman. Templin coming in told Prewitt to let him have the revolver, that he would scare Casey again when she came in at the door. As the young lady opened the door, Templin pointed the revolver at her and she cried out, "Oh, Arthur, don't!" At that instant Templin pulled the trigger and the bullet went crashing into the young lady's heart and brought her life to a close shortly afterward. Miss Fanning sank into a chair and said that she was stunned. Meanwhile the father and mother who had just retired, came downstairs, having heard the shot, and to them their daughter said that she could not stand up. Then she was carried out onto the porch and one of the young men bathed her face with cold water. It was but two or three minutes afterward when the wounded girl gasped and her life went out.

Arthur Clyde Templin next took the stand and stated that he lives at 227 East College avenue and is employed at the Capps mill. His story in detail was practically the same as that told by Prewitt. He said that he had seen Prewitt take the shells from the revolver and that he had not the slightest idea that the revolver was loaded when he pointed it at the young woman. He said that there never had been the slightest trouble of any kind between them and that his only thought was to playfully frighten the young woman. Both Prewitt and Templin evidently greatly regret the shooting and while they seemingly had no intention of bringing to pass the young woman's death, do not fail to recognize that carelessness in handling a weapon and the foolish act of trying to frighten the young woman with it resulted in her death.

Prewitt does not attempt to explain why he took the shells out and then put them back and landed a loaded weapon to Templin other than that it never occurred to him that Templin would pull the trigger. The whole happening of the inspection of the revolver and removing of the shells, putting them back, and the shooting of the young woman occupied only a few minutes' time.

Had Spent Life Here.

Miss Fanning, whose life was brought to such an untimely close, was 20 years of age and as previously mentioned was the daughter of Mr. and Mrs. Sherman Fanning. Her entire life was spent in this city and she was a young woman who was held in high regard by those who knew her well. While still a child she became a member of the First Baptist church and through the years following maintained her connection with that organization and was active in the work of the church. She is survived by her parents and two sisters, Miss Cecil Fanning and Mrs. Wilma Sheppard. Miss Fanning had been employed at the Capps mill for some time and was faithful in the various relations of life.

The funeral is to be held Wednesday morning at 11 o'clock from the First Baptist church.

IS PROSPERING IN MISSOURI.

A clipping from a Lamar, Mo., paper of recent date shows that Clarence Smith, a former Morgan county resident, is prospering in the world's goods in our neighbor state. Mr. Smith is a son of Mr. Ed. V. Smith of this vicinity. The article in the Missouri paper reads as follows:

Clarence Smith, one of Barton county's crack wheat raisers, is stepping high and happy, just now. A very fine baby girl arrived at Mr. Smith's home, just northeast of town, Saturday night. There are four boys in the Smith family, so the coming of this girl is no ordinary event. Thirty-five bushels of wheat to the acre and a fine girl, all the same year, convince Mr. Smith that Missouri is a pretty good place.

NOTICE B. P. O. ELKS.

There will be a meeting at 8 o'clock Wednesday evening for initiation and business. A full attendance of members is desired. Visiting brothers welcome. M. W. Osborne, Exalted Ruler. B. G. Graff, Secretary.

AT THE GRAND.

There isn't much doubt as to Jacksonville's ability to produce musicians of merit, when the performance of Oswald Buhr, appearing this week at the Grand, is considered from the standpoint of the discriminating theatre-goer. Buhr left the city when he was fourteen and his skill with voice and piano show that he has by no means been idle since. Parks and Buhr gave a vaudeville act of distinct merit. Miss Susie Derr of Carrollton is in the city for a visit with her nephew, Roy Butcher, of the Jacksonville State hospital.

A CORRECTION.

In account of Archie Dawson funeral published Sunday morning the name of Charles Anderson should have appeared in the list of pallbearers in place of that of Lionel Hare.

CLUB MEETS TONIGHT.

The Past Noble Grand's club of Caritas Rebekah Lodge No. 625 will meet this evening at 7:30 o'clock with Mrs. R. C. Singley, 719 East State street.

CRYING FOR HELP

Lots of It in Jacksonville But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed. Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble. It is often the kidneys cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys. Read what Doan's have done for Jacksonville people.

Mrs. Eva Martin, 902 Hackett avenue, Jacksonville, says: "I have taken Doan's Kidney Pills for several years and I know them to be a good, reliable remedy. When I have a pain in my back and my kidneys do not act regularly I get Doan's Kidney Pills at Armstrong's Drug Store. They bring me great relief and I have no hesitation in saying so."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Props., Buffalo, N. Y.—adv.

VARIOUS ORDERS ENTERED MONDAY IN CIRCUIT COURT

Judge Jones Spent Busy Day Closing Up May Term Business in Addition to Deciding Tution and Liquor Cases.

Monday was a busy day in the circuit court as in addition to giving written findings in two important cases, Judge Norman Jones entered orders in a number of others. The findings wherein Judge Jones upheld the high school tuition law and found invalid the city ordinance directed against the shipment of liquor into the city are printed in full elsewhere in this paper.

The following docketed entries were made during the day:

Chancery Cases.

Mary J. Self vs. M. C. Delaney and Virgil Thomas; in foreclosure. Receiver's report filed and approved and cause stricken.

R. H. Donaldson vs. Abarilla McCuen et al; bill. T. F. Smith appointed guardian ad litem for minor defendant, John Smith.

T. E. Lyon vs. Thomas L. and Catherine Cannon; bill for specific performance. Rule on complainants to close taking of testimony before master in chancery by Oct. 29; defendant by Nov. 9, and then for testimony in rebuttal by complainant Nov. 14.

Lula McDaniel vs. Sylvanus McDaniel; divorce. Cause docketed on motion of complainant and dismissed on motion of complainant without prejudice.

Law Cases.

W. D. Merriweather vs. Earl Fox; appeal. Continued by agreement.

Margaret Blundell vs. H. K. Snyder and Snyder Ice Fuel Co.; trespass on the case. Continued on motion of plaintiff.

William Newman vs. George W. Davis et al; mandamus. Dismissed on motion of petitioner, each party to pay own costs.

Cook & Preston vs. T. E. Laurie; assumpsit. Motion by plaintiffs for leave to prosecute as poor person. Leave to amend appeal.

People, for the use of commissioners of Union Drainage District of the towns of Raymond and Roundtree in Montgomery county, vs. William Nunes and J. J. E. Dalley. Rule on defendants to file bill of particulars by Oct. 26. Cause continued on motion of defendants.

James C. Swain vs. L. J. Stewart, George L. Stice and Edgar Cully, directors of school district No. 40; mandamus. The finding in this case is in favor of the plaintiff and is printed in full elsewhere in this issue. The defendants entered a motion for appeal to the supreme court, which was granted. Bond fixed at \$100 and 60 days allowed for filing the bill of particulars.

Richard Cox vs. J. W. Rynders, trespass. Continued on motion of the plaintiff.

Spencer Carpenter vs. C. P. & St. L. Ry.; case. Judgment by agreement of the plaintiff and damages fixed at \$450.

City of Jacksonville vs. C. & A. Ry.; debt. In this case Judge Jones found in favor of the railroad and the opinion is given elsewhere in full. A motion of appeal to the supreme court was allowed and entry was made on the docket by the judge certifying that in his opinion public interest required the appeal.

Mary Nunes vs. Modern Woodmen; assumpsit. Dismissed by the plaintiff.

People's Cases.

The two cases against John A. Fletcher, who is charged with forgery, were continued on the motion of the state's attorney.

In the case against Lloyd Hare and Luther Decker, charged with burglary and larceny, a motion was allowed to dismiss with leave to the state's attorney to reinstate within one year.

MORTUARY

Bridgeman.

Fred Bridgeman passed away Sunday morning at the home of his son-in-law, Albert Hall, two miles north of Arezville, at the age of 64 years. He was born March 28, 1850 in this county and had practically spent his entire life in this community. He is survived by four sons and a daughter, his wife dying eight years ago.

Funeral services will be conducted this afternoon at 2 o'clock from the Methodist church in Arezville, in charge of the Rev. W. P. Bowman. Interment will be made in the Arezville cemetery.

FREDERICK DORWART HAS CLOSED LONG LIFE

Lived in Jacksonville for Many Years—Funeral to be Held Wednesday at Late Home.

The spirit of Frederick Dorwart quietly passed from earth at 5 o'clock Monday morning at the family residence 1141 Mound avenue, after being confined to his bed for one week, from the effects of paralysis which caused his death.

Mr. Dorwart was a well known contractor and builder and was held in high esteem as an honorable man and a good citizen by all who knew him. His parents were Martin Dorwart and Elizabeth Stone, and he was born at the home of his parents in Lancaster, Penn., Feb. 14, 1829 and at the time of his death he had arrived at the venerable age of 85 years, 7 months and 28 days.

For the past 48 years Mr. and Mrs. Dorwart have been respected citizens of Jacksonville where he has been engaged in contracting and building houses. He was a member of the Reformed Lutheran church and raised his children to become valued citizens in the various walks of life in which they were engaged.

He was on Oct. 14, 1849 united in marriage to Miss Louisa Maria Powell, who together with one daughter, Mrs. Ida E. Lambers, preceded him in death some years since as did also one sister, Mrs. Anna D. Raub and one brother, Martin Dorwart.

Mr. Dorwart is survived by the following children who will mourn the death of a loving and dutiful father: Martin A. Dorwart, Waverly; James M. Dorwart, Roodhouse; Mrs. J. W. Hoagland, Woodson; Mrs. M. L. Cunningham, Edwin T. Dorwart, George F. Dorwart and Henry W. Dorwart, all of them residents of Jacksonville. Mr. Dorwart is also survived by fifteen grand children.

Funeral services will be held at 2 o'clock Wednesday afternoon at the family residence, 1141 Mound avenue and will be conducted by Rev. Leonidas H. Davis, pastor of Westminster church. Interment will be in the family burial lot in Diamond Grove cemetery.

SURRENDERED TO SHERIFF.

"Have you a warrant for me, Mr. Sheriff," said a man who called at the county jail Sunday morning. "What's your name?" Sheriff Rogers asked and the visitor replied that he was known as Daniel Grady. The sheriff then took the man and locked him up as there has been a warrant out for him for a number of weeks for wife abandonment. Grady telephoned from Decatur to the sheriff a month since that he would surrender but he failed to come at that time.

SAYS SULPHUR IS SURE TO RELIEVE ITCHING ECZEMA

Get Ounce of Bold-Sulphur and Heal Skin Eruptions Right Up.

Any breaking out or irritation on the face, arms, legs, or body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears on the skin.

Those troubled should obtain at any pharmacy an ounce of bold-sulphur which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant and the prompt relief afforded, particularly in itching Eczema, proves very welcome.—Advertisement.
